Ashland Independent.—Dr. and Mrs. S. P. Fetter are here this week the guests of Mrs. C. M. Preston enroute home to Paintsville. They will go on to their home and make arrangements to move here some time this month.

This winter they will have architects and designers here from some of the cities and they will plan to begin improvements on their new home, the Hager residence, on Bath-st. In the early spring they expect to make a change in this home, making it larger and adding many improvements. They think now they will make it of a colonial design. A landscape gardener will take charge of the grounds about this home and when they are through here, it will be one of the most beautiful residences in this section.

The home occupies about a half a block and it is beautifully located and while it is now very attractive, no money will be spared to make it one of the handiwork pieces in the state.

## AMERICAN THANKSGIVING DINNER FOR SAMMIES

Washington, D. C., Oct. 3.—There is a real American Thanksgiving dinner—turkey, cranberry sauce, pumpkin pie and all—on its way to Uncle Sam's boys at the front in France.

It is all thanks to the big hearted thoughtfulness of that square-jawed fighting man, General John J. Pershing.

Characteristically he said nothing about it.

Even the men at the front don't know it yet. But a whisper of something of the sort leaked through via cable and today the war department confirmed it.

It will be General Pershing's party all the way through. Even dainties, every slice of white meat, every slab of pie will be strictly a grizzled warrior's contribution through the war department.

No Thanksgiving dinner champion has yet appeared for the hundreds of thousands of boys in camps in this country. But the war department hinted they would be taken care of, too.

On Sunday, October 21, the Sunday school will observe Rally Day with a special program "The Flags of Freedom," celebrating the 40th anniversary of the birth of Protestantism. The program is also patriotic.

## Read What the Kaiser Said

"From childhood I have been under the influence of five men, Alexander, Julius Caesar, Theodor Secord, Frederick the Great, Napoleon. Each of these men dreamed a dream of world empire; they failed. I am dreaming a dream of the German World Empire, and my mailed fist shall succeed."

These words, written by the German Kaiser and printed by him in a pamphlet many years ago, show what he has been planning all these years. He expected to make the whole world bow to him. He expected to make Russia, France, England and the United States mere provinces of Germany. He planned to place his ruthless, fiendish Frederick, Napoleon in charge at Petrograd, Paris, London and Washington and do there what they've done in Belgium.

And the worst of it is that the Kaiser has almost succeeded. There is still a chance that he may succeed. He has planted his sneaking, slinking spies in every country of the globe. He has them everywhere in these United States—not only men of German blood but reptilian hirelings of other nationalities, dastard sneaks of lowest type who bomb munition plants, encourage strikers, stir up dissensions amongst the workers of our most important industries and use what influence they can to keep a few weak-kneed Americans from buying Liberty Bonds.

Even some of the prominent men who make our laws have proved themselves the willing, slimy tools of Prussian interests; have encouraged sedition, blocked the efforts of loyal patriots and thus have stabbed our soldiers in the back and helped to make this war last that much longer, with all its bloodshed, all its terrors, all its agony.

With such conditions confronting us the duty of every real American is made exceedingly plain. No man of honor can have a moment's doubt as to the course that he should follow. Every real American, no matter what country he may have been born in and no matter where he is, on the farm, in a store, in an office, in a shop, in a mill or factory, is against the Kaiser and for the Stars and Stripes forever!

RED CROSS SEALS TO BE SOLD IN LAWRENCE COUNTY

Miss Marion Williamson, organizing nurse, Kentucky Tuberculosis Commission, of Frankfort spent Monday in Louisa organizing for the sale of Red Cross seals.

Mrs. George R. Vinson was made chairman. Mrs. W. L. Ferguson, Mrs. Kennison, Mrs. Horton and Misses Rebecca and Kathleen Lackey, Opal Spencer, Maude Smith and others are to have the sale of the seals at different places in the town.

Miss Beattie Collinsworth will distribute the seals to the county teachers to be sold in their communities.

Miss Williamson feels sure that this county should dispose of 10,000 seals, amounting to \$100, 25 per cent of which will stay in this county to be used for charity. Where there are visiting nurses, 75 per cent of the returns stay in the county.

The proceeds of the Red Cross seal will be used as it has heretofore been used, and with existing conditions of this war time, we are made to realize more than ever the need of a fund to fight tuberculosis and to help the distressed.

Every child should be made to understand the cause of the Red Cross seal and be urged to buy one seal, if no more, which is only one penny.

## DENNIS DESKINS ACCIDENTALLY KILLED

Pike County Boy Has Skull Fractured  
 At a Cincinnati School.

"It was a most unfortunate accident—in the stone had struck any other part of his body it hardly would have produced a bruise, instead it struck the thinnest portion of the base of his skull causing a fracture, from which he died."

That was Major A. M. Henshaw's declaration Monday after a complete investigation into the death of Dennis Deskins, 17, of Borderland, W. Va., student at the Ohio Military Institute at Cincinnati. Coroner Bauer also found that the death was from an accident. Deskins and other students were walking Wednesday when one of them threw the stone, intending to toss it in front of where they were walking. It slipped from his hand and struck Deskins, inflicting what was to all appearances a scalp wound. Sunday, however, it developed his skull was fractured and an operation was performed at the Bethesda hospital. The youth died following the operation.—Times Star.

We learn that the Deskins family lives in Pike-co., Ky., just across the river from Borderland. Wm. Deskins is the father of the boy.

Mrs. Deskins was in Louisa during the county fair and was one of the Judges in the women's department.

CORPORAL M. J. WROTEN.

Milton J. Wroten, formerly of this city, who has lived in the South for several years, is now a corporal in company H, 324th Infantry, N. A., and is at Camp Jackson, Columbia, S. C. He had received considerable military training while a member of the Georgia State Guard during his residence in Savannah, Ga. Shortly after joining Uncle Sam's forces he was made a Corporal. For the past two years he had been a resident of Jacksonville, Fla., where he was in the insurance business. He is the youngest son of Dr. and Mrs. G. W. Wroten, of this city. The many friends of the family will be interested in the fact that Milton has answered the call of his country. He has the capacity and spirit needed in high class service.

Since the above was written Corporal Wroten has been promoted to Sergeant.

SOLDIER BOY WINS BRIDE.

Mr. Martin Cisco came to Louisa last Saturday from Ft. Thomas and that evening at the home of Mr. and Mrs. L. G. Ferguson was married to their daughter, Miss Clara Ferguson. The Rev. W. A. The bride is a pretty and attractive girl. The groom, who is the oldest son of Judge and Mrs. A. N. Cisco, of Grayson, recently enlisted in the army and at the present is stationed at Ft. Thomas to which place he and his bride have gone. They have the best wishes of a host of friends.

RED CROSS.

The next meeting of the Lawrence County Chapter A. R. C. will be held on Tuesday evening, October 16, at the M. E. Church South. A. C. Bestwick has recently been chosen secretary of the chapter and has, under date of October 6, received the following order from National Headquarters. To all chapters:—

A simple form of by-laws for chapters is here presented. Since it is highly desirable that there be as great a degree of uniformity as possible, all chapters are urged to adopt these by-laws or amend their existing forms.

Notes.

At the beginning of the present year Red Cross membership in the U. S. was 275,000. Now it is about 4,000,000. The American Red Cross now has more than a dozen base hospitals in France, each equipped with at least 500 beds, and each served by twenty-two physicians, two dentists, sixty-five Red Cross nurses and 150 men of the Medical Corps.

Lawrence County Chapter A. R. C. now has 140 members. It ought to be 1000.

Before the war there were just 83 permanent French women nurses, 7000 French women are now serving in Red Cross ambulances and hospitals.

The value of the volunteer work of the members of the American Red Cross for this year is estimated at \$50,000,000.

Any case of persons, other than those acquiring the right prior to January, 1905, using the name or emblem of the Red Cross to assist in the sale of merchandise, is a violation of the provisions of the federal criminal law.

The United States army will need at least 20,000 trained nurses.

There are now 455 American women enrolled as Red Cross dietitians. Since 1916 more than 3000 women have completed the course in home dietetics.

## REMINISCENCES BY CAPTAIN F. F. FREESE

Cannel City, Ky., October 2.

Week before last when I received the NEWS I was especially touched by the announcement of the death of George Norris, of Fallsburg. Last week told me of the passing of Dr. Wade—Jack Clark, as we used to call him.

Since I have made my home with the miners of Morgan-co., I could not tell how many of my friends have passed to the great beyond, but the loss of these two friends reminded me, that with one exception, I was the last living of the "Nightingale Minstrels," that other living, so far as I know, is the gifted, sweet touch violinist Mr. Henderson Pennington, whose home was in Huntington the last time I saw him. "Heck" as we called him was truly the whole show—could play all instruments and could out dance a fairy.

Poor George Norris was our "clog dancer." He could jump higher and come down easier than anybody I ever saw.

Dr. Wade was our bass violinist. We were not professionals, we showed in adjoining towns, not for profit, but for fun and the citizens of Catlettsburg, men and women, all joined to make our band a success. By the way, I must tell what part I took. Heck and I played a duet, he first violin I second and we sang a first, I forgot to say what a sweet singer he was.

Mr. Wade, Judge of Boyd County Court and the present nominee to succeed himself, I saw in Lexington a few weeks ago and he was in perfect health. During the existence of the Nightingale Minstrels the pride of all Kentuckians, J. C. Breckenridge, came to Catlettsburg on legal business. The gifted son of the Big Sandy, Alexander Martin, suggested that we go as a band and serenade Mr. Breckenridge, who was stopping at the Harris house, so we had a meeting and went to the hotel. We started the tune "Listen to the Mocking Bird" and when we had fairly started, Jack Clark (Dr. Wade) stopped and said, "Boys, you will have to wait till I grease." He wanted to rosin his bow. We had a hearty laugh, and after several times and songs Mr. Breckenridge acknowledged our compliment in words and sentences that I did not want to remember. I just want to remember the impression. What a handsome man and how justly proud we are to call him our brother.

Dr. Wade and I had a good laugh over the "grease" while he was in Lexington and I took him to see the Breckenridge statue.

I hope and pray that the Nightingale Minstrels, without the loss of one, may sing a different song and have different instruments even as we sang and played by the angels in heaven.
